Bible Land Passages **VISIT:** BibleLandPassages.org

The Bible tells a true story set in real places and times. Its message is supported by historical evidence. As New Testament scholar C.H. Dodd said, "**Christianity is based on real events, not just timeless ideas.**" Bible Land Passages creates powerful videos that connect Bible teachings to actual locations, helping people grow in faith through history.

The Reality of Noah's Ark **VISIT:** TheRealityOfNoahsArk.com

Noah's Ark and the Global Flood have long been featured in art, books, and debates — sometimes accurately, but often with confusion and distortion. To help uncover the truth, Dr. Branyon May presents **The Reality of Noah's Ark**, a clear, fact-based video series. This two hour series covering the Ark, the animals, the global flood, and Noah's story—uses powerful visuals and solid evidence to strengthen your faith.
