Chapter 1: **The Creator**

An angel of God appeared before the Great Spirit of the Almighty God at a place known as Earth. The angel reported to the Great Spirit of God that he had been sent to serve Him. The Great Spirit inquired of the angel if he had ever served God in this place. The angel related to the Great Spirit that he had not, that his service had always been in Heaven, but he was ready to serve God in whatever way the Great Spirit would have him serve. Then the angel asked the Great Spirit what he could know about the place called Earth. The Great Spirit replied to the angel that He was ready to tell him of all he needed to know to serve the Almighty God on Earth. And so He began.

The all-knowing God knew that one of His most powerful created spirits had chosen to become evil, and God in His wisdom determined to expose this evil power. God also knew this powerful spirit, where the evil dwelt, would rebel against His Son, would draw many of God's angels to follow after him, and would begin a great war in Heaven. Many of God's angels would desire to follow this evil whom God called Satan, and fight in this great war with Satan against the Son of God and His followers. God knew for certain this event would happen before long.

Later, the God of all knowledge and wisdom informed His Son and Me of a new place that would be known as Earth. I considered the place, covered in water and concealed in utter darkness, but knew it would shine in the light of God's glory. God the Father of all things in Heaven (and soon to be on this place called Earth), by

His almighty power and wisdom would reveal His eternal authority and His everlasting design for this, His creation. Everything that was to be created in this new place would be created for His Son only. At that point the Heavenly Father gave His Son the authority, power, and design for the creation, and by God's Son, the Father's magnificent design would come to pass. All that would be made, would be made by the Son of God. Nothing would be made that was not made by Him for His Father.

The Son began to set in motion all of the everlasting power that would govern over the placement of the Earth. He made the sun and the moon to separate day and night, and filled the heavens with lesser lights called stars. The sun and moon would hold power over the Earth for signs and seasons as long as the Father desired it to be. Next, He set the rotation of the Earth so there would be light and darkness on the face of the Earth, forever to be known as day and night; the existence of Earth would be measured by days, weeks, months, and years.

The Son, by the Father's authority, then brought forth the land that was under the water and called it Earth. All the kinds of plants and trees that grow on the Earth were created. The Son also made, by His Father's design, all kinds of fish and water creatures that live in the sea and all kinds of birds and other winged creatures that fly. After that, the Son made all kinds of animals that live on the land. The Son also made for His Father all kinds of creatures from the smallest creeping thing to the largest beasts that would roam the Earth.

We admired all that had been made by God's Son, and God saw that it was good. All that had been created had been created in the first six days of the Earth. All that grew and lived on Earth was created perfectly and full-grown, full of Earth years. God's design for all that lived upon Earth was for each kind to reproduce itself and fill Earth for as long as God the Father allowed it to remain.

God, with all power and wisdom, and who causes the future to be His will, also determined to create a new spirit-being; created for His Son and Him alone, and would be esteemed above all the other

spirits of God. After all else had been created, God informed Us that We should make this new spirit similar in design to the animals; this spirit would be known as a human. God determined this spirit-being would be called “man” and be like Us, with a spirit that would never die. “Man” would have the ability to reason and to know good from evil. By God’s power and design, His Son then formed the man from the Earth, and God Himself brought “man” to life, and man became a living human being with a physical body formed from the Earth, with a spirit, like God, that would live forever.

At the end of the sixth day of Earth’s beginning, We knew that all that had been planned for creation had been made. The God of Heaven and Earth looked over everything that had been made, knew it was very good, and declared the seventh day upon the Earth to be a day of rest. And on the seventh day of Earth’s existence, We rested from the work of creation.
