INTRODUCTION

Welcome to our catalog. We appreciate your interest in God's inspired Word and hope the study material offered inside will be of help in your preparation for eternity. The primary aim of World Video Bible School® (WVBS®) is to provide the church with tools so she can better train the faithful who will, in turn, teach God's Word to others (2 Tim 2:2).

The primary aim of World Video Bible School® (WVBS®) is to provide the church with tools so she can better train the faithful who will, in turn, teach God's Word to others (2 Tim 2:2).

Our curriculum began with the concept of putting a Bible school on video for use around the world. We have detailed courses on every book in the Bible, as well as a host of Bible related topics. Though the curriculum is solid enough to train elders and preachers the classes are also ideal for individual and congregational use. Complicated terms are explained and made easy to understand. Difficult passages are treated thoroughly. And, since most lessons are 30-38 minutes, they fit perfectly into a Bible class setting (or a home Bible study).

The trustees, teachers and staff of WVBS are faithful and biblically sound Christians. The recorded lessons stress pure, sound doctrine based on an accurate exegesis of the biblical text. We strive to ensure all instruction is free from any doctrines, customs or commandments of men because, according to the Savior, they make our worship vain (Matt 15:9). And we take very seriously God's command that we neither add to nor take away from His inspired Word, being aware of the severe eternal penalty for violating this prohibition (Rev 22:18,19).

We try to keep prices as low as possible so the material is accessible to the widest audience. In fact, pricing is far below actual production costs. Consequently, we must depend on contributions from concerned Christians to pay salaries and as many operating expenses as possible. Through their generous help God has blessed us to offer more and more high quality study material. Please continue to remember us, especially in your prayers, as together we labor in the Lord's vineyard where fields are white unto harvest but workers very few.

GENERAL INFORMATION

God has blessed WVBS to be able to deliver over 80 million programs by physical or online means throughout the world. We invite you to evaluate the soundness of teaching and the quality of our programs.

While most of the video programs are freely available to watch online, physical copies of many courses can be obtained on DVD, USB, hard drive, or in printed form. WVBS videos, audio, and text materials are copyrighted © by World Video Bible School®. Video programs can vary from a single DVD to multiple DVDs in a set, with each DVD usually containing several lessons or several hours of content.

Video hard drives are also available, containing large collections of WVBS video programs. These hard drives represent a large library of content on one device. USB flash drives are also available containing specific groupings of programs in MP3 audio format or limited video files.

STUDY MATERIALS (PRINT & ELECTRONIC)

Study notes are available for many courses, and can be purchased in a spiral-bound form or as an electronic version to be downloaded to your device. If a course has a notebook available, you will see it listed with the main course's description. The price for the electronic notes is discounted from the price of the printed notebook. Purchasing the entire set of course notes on USB (see page 33) is still the most economical means to obtain numerous notes. Various softcover and hardcover books are also available from WVBS and other publishers in the catalog.

All WVBS-published, spiral notebooks are copyrighted © World Video Bible School®, however permission is granted to all customers to make and distribute printed copies as needed, provided copies are not produced for resale and proper copyright pages are maintained. Permission to reproduce notebooks applies only to notebooks having a World Video Bible School® cover on them.

CHURCH SCHOOLS

Do you want the members of your church to know the scriptures better? A good way to do this is to provide in-depth Bible courses to your church. Start your own school using WVBS Bible courses. All you have to do is coordinate the classes and let the videos do the teaching. If desired, one of the men of the church could help facilitate grading of tests (available from WVBS). You too can have many souls in your church eagerly studying God's Word on a regular basis. Watch your church grow spiritually and in numbers. Contact us today, or visit (school.wvbs.org).

Why God? – #10-5362

Can atheism logically explain the existence of the Universe and everything in it, or does God exist? Does an honest investigation of the world around us logically lead to a Creator, or does godless naturalism sufficiently explain design, intelligence, and morality? And, if God does exist, where did He come from, and why doesn't He just show Himself to everyone to prove that He exists—if He really does? Join **Eric Lyons** as he discusses these and other intriguing questions.

ONLINE EVANGELISM PROJECT

REACH YOUR COMMUNITY

INCREASE ONLINE PRESENCE

ENCOURAGE BIBLE STUDY

LEARN HOW THESE
PROGRAMS AND WEBSITES
CAN HELP REACH CONTACTS

The fundamental goal of our Online Evangelism Project is to provide an online resource for the Church's use. Our aim is to empower congregations of the Lord's Church to be active in evangelism, especially in reaching people online.

How It Works:

- Increases the **online** opportunities to present and **communicate** the Gospel.
- Is an online, **distributable** version of evangelism material in video and text formats.
- **Integrates with current** evangelistic efforts by simply being an additional resource location.
- Reduces the cost and need for maintaining an inventory of materials by providing an **"On-Demand"** style distribution.

What Is the Cost?

- **We have set up this service as an economical evangelism tool. There are two primary costs involved:**
- A setup fee of \$30 for WVBS to establish the congregation's connection to these websites.
- Whatever promotion costs the congregation chooses to promote this resource. Examples could include: online ads in Google or Facebook, printing cards to distribute, or local advertising opportunities.

FOR MORE INFORMATION PLEASE GO TO THE WEBSITE:

INTERNET EVANGELISM CAMPAIGN

"Go into all the world and preach the gospel to every creature." Mark 16:15

How would your congregation like to reach millions of people around the world with the gospel and fulfill the command of Jesus?

Here is a NEW way to reach out. If your congregation were to spend \$100 on an Internet Evangelism Campaign, you could expect your online campaign to be seen by about 5,000 people.

The cost to reach each person would be approximately \$.02 instead of the \$100 for a traditional missionary.

HOW DOES IT WORK?

With use of strategic program placement, the goal is to reach as many souls as possible.

Once you have selected the country/region for your campaign, we will promote evangelistic videos online to ensure that viewers see the content and are directed to more information after watching. You will receive a monthly report on the overall reach and results!

The word of God is clear that we are called to "sing and make melody" (Ephesians 5:19). But does it matter "how" we sing? Is there an expectation from God regarding the "melody" we make? These lessons from "Singing with the Spirit" are designed to admonish those who strive to walk with God. We can know how to make melody in our hearts and how to better sing the psalms, hymns, and spiritual songs. The Messenger – #10-4154

If you could send a message to someone beyond the grave, what would you say? The Messenger is a fictional story by **Rudy Cain** and is written by **Lacey Deaver**. With his time running short, Malachi finds himself designated a messenger by those who wish him to take their final thoughts to their departed loved ones when he goes. Saying his own farewells to others is hard enough, but saying goodbye for others puts a strain on Malachi that only burdens his taxed emotions and busy preparations. Some messages will be impossible to relay. But for others, completing his task might just be within reach...

The country is in legislative, economical, and moral turmoil. The next presidential election looms near, and political parties are at each other's throats. The nation's future rests on uneasy ground. #10-4724 Understanding the timeline of biblical events from Creation to the Church is necessary to fully appreciate God's Word. This poster was designed in conjunction with the Biblical Timeline video series with John Hall and provides a number of Bible characters and events to show the thread of time through the history of the Bible.

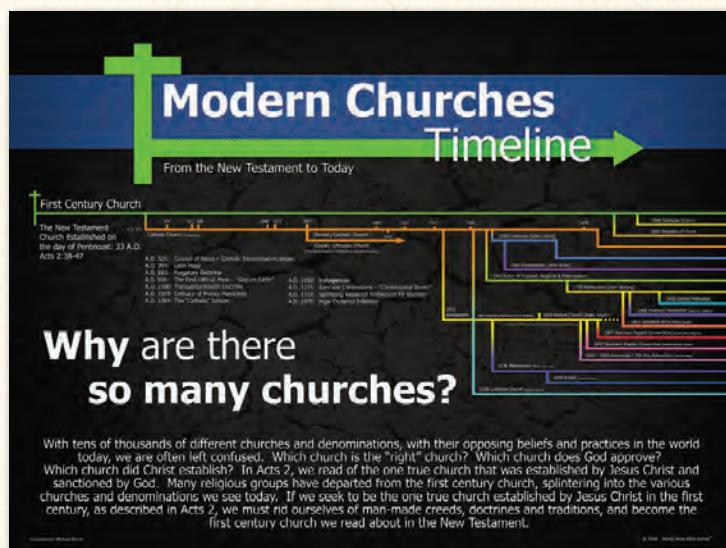

#10-4718 There exists today much confusion about the Afterlife, Judgment Day, and the false doctrine of Premillennialism. The pivotal question, "Where do we go when we die?" is visually answered in this poster, from the "great gulf" that divides the Hadean realm to the eternal judgment of Heaven or Hell on the day Christ returns.

Teaching cards available, see pg. 11

#10-4720 So often people think that the Patriarchal Age was first, followed by the Mosaic Age to the Cross. This poster teaches the viewer that these two Ages happened simultaneously, not one after the other.

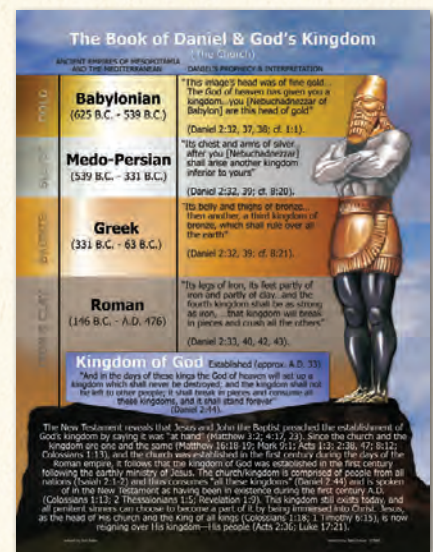

#10-4716 With the multitude of religious groups in the world, an obvious question is, "Can we identify today the church that Christ established?" This poster teaches the viewer about the origin for many of the world's denominations, and how the Lord's church can be found today.

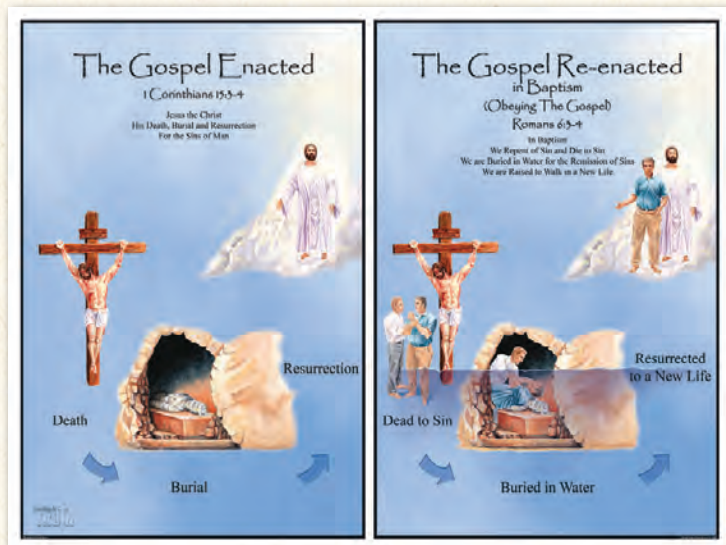

#10-4722 In recent news, many have discussed the preservation of the Ten Commandments in public places, citing that they are God's law for Christians today. This poster teaches the viewer that the Law of Christ has replaced the Old Law and only those commandments repeated in the New Law are binding today.

Teaching cards available, see pg. 11

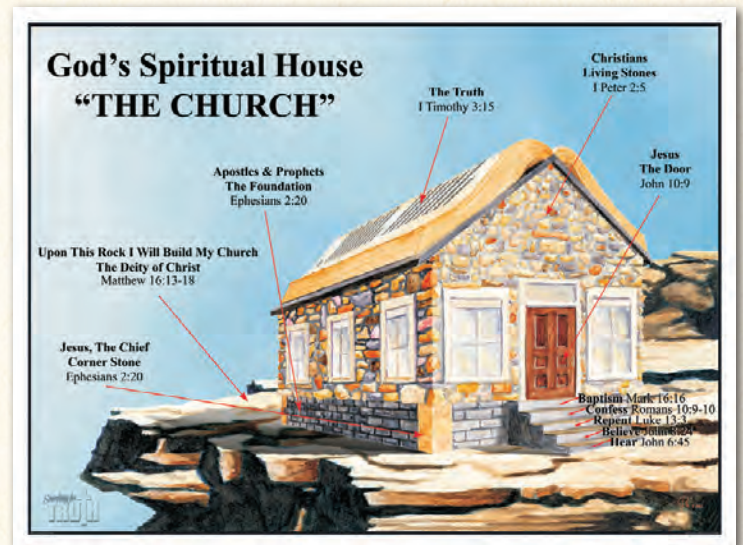

#10-4714 For many years, it has been difficult to find an accurate depiction of the statue we read about in the book of Daniel representing the world kingdoms leading up to God's Kingdom. This is a solution to such a problem, and we believe it is the most accurate and correct teaching illustration available.

#10-4712 This poster illustrates the beauty of the Gospel enacted through Jesus' death, burial, and resurrection, and then teaches the viewer how through baptism the Gospel is again beautifully re-enacted in our death to sin, burial in water with Christ, and resurrection to a new life.

Teaching cards available, see pg. 11

#10-4710 This poster teaches the viewer to better understand how the Church is the House of God as described in the Bible, especially the "steps" that one must follow to gain entrance into God's House through Jesus Christ, the Door.

Teaching cards available, see pg. 11

YOUR CONGREGATION CAN EVANGELIZE THE WORLD

8.0 Billion People in the World **95%** Of the World's Population is Outside of the United States

WILL YOUR CONGREGATION HELP BRETHREN IN NEED OF SOUND RESOURCES?

PROBLEM:

Many brethren in foreign lands are simply too poor to have effective tools for teaching and evangelizing.

SOLUTION:

You--faithful congregations of the Lord's church with opportunity and means.

How Can Your Congregation Participate?

A significant number of requests are received each month from poor brethren around the world, as well as from prisoners in America, asking for Bible teaching material. Through the "**Church of Christ Donation Fund (CCDF)**" your congregation can engage in worldwide **evangelism, benevolence, and edification** in a way that is **purposed and effective**. Contributions to the "Church of Christ Donation Fund" are used to provide free resources to as many "in-need" brethren as possible. Every shipment of physical materials contains a note stating:

"THIS INVOICE WAS PAID IN FULL BY CHURCHES OF CHRIST IN THE USA."

Through this fund these requests are fulfilled, providing FREE resources to churches, schools of preaching, and mission efforts.

What Are the Results?

First, new recipients are required to provide detailed information about who they are and who will be responsible to receive and utilize the material. Second, recipients must acknowledge safely receiving every physical shipment. Finally, reports for how the materials are utilized are required before further requests can be fulfilled. In 2022, free materials were sent to dozens of countries with reports of **652 baptisms and 315 restorations**.

If fellow Christians will not help, then who will?

PHILOSOPHY OF INSTRUCTION - The WVBS Online Bible School is designed to provide students with an online, comprehensive, in-depth study of the Bible. The lessons are pure non-denominational teaching based on an accurate "drawing out" of what the Bible teaches, not reading into the text what someone might think it teaches. The courses cover every book in the Bible, plus four additional subjects which help you in your understanding of the scriptures (How We Got The Bible, Hermeneutics, Christian Evidences, and Greek). The school is designed for anyone who wants a focused, organized and thorough study of the Bible.

HISTORY OF WVBS - By God's grace World Video Bible School® came into existence in late 1986. After several years of recording Bible courses there was enough excellent curriculum available to begin an in-depth correspondence school. Our desire was to teach anyone who wanted to seriously study the Bible in a structured environment. The need has now arisen to re-establish the correspondence school as an online Bible school under the name WVBS Online Bible School. There are thousands of Bible schools, churches and individuals at the present time around the world that are using WVBS materials as a part of their curriculum.

THE DIRECTOR - The Director of the Online Bible School is Russell Haffner. He is an alumnus of Texas A&M University in College Station, where he majored in Environmental Design. He graduated from the Southwest School of Bible Studies in 1993. He has served as a minister of the gospel over 30 years. He has spoken on various lectureships and held several gospel meetings. He also has published articles in numerous books.

INSTRUCTORS - All the instructors in the school have had years of study and have prepared themselves to teach these subjects. Each instructor is presently, or has been, an instructor in a Bible training school. They are among the finest teachers available today. The level of education is equal to, and even far superior to what many Bible colleges or universities provide. Any graduate of the school will be fully qualified to teach the Bible to others.

FINANCING - There is no tuition for the Online Bible School. It is free to all who want to take advantage of the schooling it offers. WVBS is organized as a non-profit and is recognized by the IRS as a 501(c)(3) organization. This allows contributions to WVBS to be tax deductible for income tax purposes. The school is financed by contributions from churches and individuals.

AVAILABILITY OF COURSES - All of the courses are currently available online and are also available to purchase on DVD. Unfortunately DVDs carry a cost to manufacture and ship. Any student will be able to receive these courses on DVD at a student priced discount.
